Blue Lake Casino's sushi chef, Jacob Talbert, has over 20 years experience rolling sushi and trained under a third generation sushi master for over ten years. Jacob says, "...the word sushi means 'seasoned rice' and rice is the most important part of sushi – the texture, the temperature, the stickiness...it all starts with getting the rice perfect." By sourcing top quality ingredients - including local produce and the freshest fish - our sushi chefs strive to make every visit to Sushi Blue unique and delicious.

PIRATE SWORD PLAY

A martial art featuring multifaceted skills and knowledge applicable to any age. It offers great mental stimulation, physical activity and creative expression. A six rank system signifies the abilities of each crewmate. This class models itself after the life of a pirate in 1690. At this point in history privateers were being phased out of the Royal Navy, so becoming a pirate appeared to be the only choice not involving imprisonment or servitude. This allows the fantasy of being 'good guys' just prior to the dark days brewing. Life on board ship and on pirate isle are the settings for our melees and games. Using role-play and swordplay together creates more diversified challenges making this pirate crew reenactment a one of a kind experience.

ARCATA FOREST PROJECTS

Be a Volunteer Trail Steward!

Volunteer Trail Stewards (VTS) is a grassroots program of the Humboldt Trails Council (www.humtrails.org). Stewards serve as community eyes and ears whenever they are out walking, running or riding the trail. Stewards also call in safety hazards, pick up litter and report camping or inappropriate use, but are not the police. In addition, about once a month Stewards host a Saturday morning work session where volunteers work with City staff on a trail project. This may be brushing back a section of trail, rebuilding a wash-out, removing exotic plants or improving signage. No prior experience or tools are required; the only qualification is willingness. **For more information or to volunteer email hughes@humboldt.edu.**

TESTIMONIALS FROM OUR CLIENTS:

Sarah was our listing agent for a somewhat complicated property and her local knowledge, connections, and professionalism was absolutely wonderful. She kept us apprised of all aspects of the listing and escrow process on a regular basis and handled the sales process in a highly satisfactory manner. My wife and I were really pleased and we definitely would recommend her to either buyer or seller. You won't be sorry if you go with Sarah.

— Lisa and Jan

Sarah Corliss is an upbeat professional who was very knowledgeable about the housing market in our area. She helped us close within 32 days. We had multiple viewings because she had us list our home at the right price point. We chose her because of her aggressive marketing strategies.

— Ken & Lena

I had a great experience with Forbes and Associates and in particular with my realtor Claire Patton. She was quite patient with me—a first time buyer—and explained all the details. Whether it was helping me make an offer or being there to explain the inspections I felt that Claire was knowledgeable, kind and in my corner. I am quite happy with the purchase and the service I received!

— Geoffrey

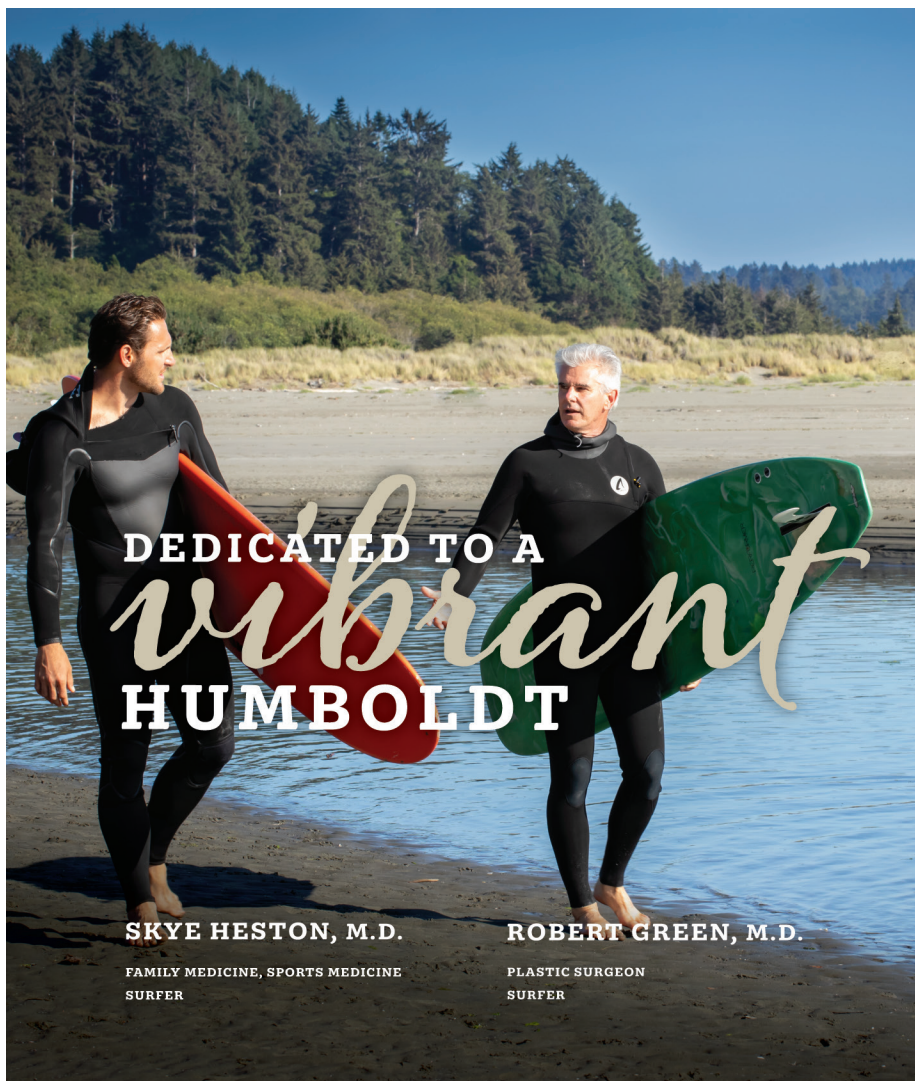

Claire Patton has been my realtor for over 5 years. I have several real estate investment properties and she has helped me buy, sell, and rent multiple sell investment properties, in addition to providing advice and support in looking for residences for me and my family. Claire is the one of the most capable and skilled realtors with whom I have ever had the pleasure of working. She is knowledgeable about so many aspects of real estate, from market value to costs and benefits of repairs to the nuances of financing to negotiating the best deal for her client. Best of all, she puts her client's needs and wants first. She is simply the best.
